Total Area Of Company

Guangzhou Orio Technology Co., Ltd. was established in 2018, with its headquarters in Guangzhou, China and its production base in Nanhai, Foshan. It is a manufacturing enterprise integrating R&D innovation, intelligent production, operation and sales. Since 2018, Our company has passed ISO9001, ISO14001, ISO45001 and other management systems; passed RoHS EU certification and CE safety certification; has obtained 6 national invention patents, 33 utility model patents and 20 appearance patents; won the honorary certification of "National High-tech Enterprise" in 2020 and "Specialized, Refinement, Differential, Innovation Small and Medium-sized Enterprises" in 2023.

"To become the world's leading supplier of display props" is our company's mission. With the corporate culture of "innovation leads development, service achieves the future" and the service tenet of "pursuing customer satisfaction", the company adheres to the pragmatic and innovative product concept and the pioneering and enterprising development spirit, and gradually becomes the leader in the global display industry.

The gravity roller shelf, intelligent shelves rack, automatic shelf pusher, and intelligent cabinets developed by our company have been widely used in beverage display cabinets, vending machines, supermarket shelves, brand displays, and automated assembly lines and other application scenarios.

Our company has 12 automated production lines, which are used in hardware workshops, injection molding workshops, acrylic workshops, UV printing workshops, aluminum profile workshops, mold processing centers, etc. The whole industry chain has enabled Orio to provide customers with the highest product quality, the best product price, the fastest delivery capability and the most considerate service.
